

Dina's treatments make
feet feel fabulous

WE TRIED DG PODIATRIST

Beauty editor Madeline Crisp treated her feet in London's Mayfair

"If it'll take more than a slick of polish to get your feet sandal-ready, then a treatment with Dina Gohil at London's DG Podiatrist is for you. There's nothing Dina doesn't know about tootsies and you can trust her to tackle everything from corns to callouses. During my consultation she gave me lots of advice, but sadly was far too discreet to reveal her celebrity clientele! After an hour I left feeling like my feet were walking on air."
